Can you compete with your peers?

Laureen Knudsen

Agile 2019 – lightning talk
How much time do you put in at work each week?
Work less, get more done

- After 40 hours, the longer the work week, the less that gets done.
- Explain this phenomenon.

InfoQ article: Venture Capital Group Acknowledges Overtime Detrimental to Scrum
How predictable are you?
Is your work transparent?
Transparency goes both ways

How many projects do you work on at once?
Did you finish your agile transformation?
Compete, by really being agile

• Other people not requiring you to be agile isn’t a good thing for your career.

• Playing at agility and is pretty easy to spot for those that have actually done it.

• Learn to do things right and understand the principles behind the practice.

• Work to continuously improve.

• If you need help, ask.
